Registration & Bib Pick Up: Day of registration and bib pick up will be held from 7:30 am to 8:30 am under the Big Top Tent. Day of registration fee is \$15.00. Those who pre-registered at the time of the lottery pick up their race bibs on Sunday morning. Note new numbers are issued for the Sunday events. Open to ages twelve and up on race day.

Competition Classes: Participants must declare at bib pick up if they are racing in the Timed Competition or the Poker Ride Competition.

Awards: The top five men and top five women in the timed competition class will win a Blue Moon Pottery trophy plaque and a merchandise prize. The top twenty poker hands in the poker ride competition class will win a merchandise prize. Awards will be presented immediately after the Championship Final of the Cable Crit Cross at approximately 1:00 p.m. under the Big Top Tent.

Race Course & Objective: Using the course map provided before your start navigate to the well defined check points scattered among the Telemark Resort trail system. Find the check points, punch your control card and return to the finish line. The numbered check points are bright orange and white markers hung in the air each with a unique plastic punch. The numbered check points do not have to be located in numerical order. The shortest route will cover approximately 5-6 miles. **Timed Competition participants** must find all seven check points, punch their control cards at each point and return to the finish line to receive a time. **Poker Ride participants** ride the same course and will receive one playing card for each check point located. Those finding all seven check points will received seven cards with which to build their best of five card poker hand. The more check points you find, the more cards you can draw to create your five card poker hand. Poker hands are ranked for determination of awards. Timed Competition participants can also draw cards to create a poker hand.

Course Map: The 11 inch by 14 inch course map will show seven check point locations, magnetic north, contour lines, distance scale, trails and roads as well as buildings, open and restricted areas.
